Sistrade[®] NEW FEATURES Release 8.1

Sistrade[®] Estimating

Optimisation - Multi-browser compatibility of Label Estimating Component which is now compatible with the three main web browsers, just as with the rest of ERP.

Sistrade[®] Stocks Management

Printing of RDL using PDA

RDL printing is now available (e.g. a label of finished product) in Sistrade Mobile Warehouse module.

In the scenarios where the customer uses mobile devices to support logistics and warehouse management, such as PDA, PDT, Tablet, it is important to provide the system with the capacity to print labels directly for a printer, either thermal label printer or any other. In this context, Mobile Warehouse module now allows the printer setup in the same way as with Repeti (Direct Printing System) in PC application version, allowing the user to select the default printer or any other and send the document to the respective printer.

Sistrade[®] Job Order Management

With the new "Commercial Kit" feature in the articles, that is, an article just created for the assembly of "n" articles, it is now necessary to adapt the generation system of job orders of composite articles in perspective that when facing with an article of the "Commercial Kit" it is unfolded and manages the job orders.

SISTRADE PARTICIPATED IN ECMA CONGRESS 2015 One Europe: Embrace Multiple Realities

SISTRADE, an international company of consulting and information systems engineering for printing and packaging industry markets, participated in ECMA Annual Congress in Bucharest.

The purpose of participation in ECMA Annual Congress has to do with the continued commitment of SISTRADE to be present in the main forums, contributing to learning and knowledge of the latest trends and developments in the cartons sector, using this information as marketing research to identify new opportunities.

SISTRADE PARTICIPATED IN EMPACK 2015 FAIR IN PORTO

EMPACK, the leading trade fair for packaging industry in Spain, came to Porto for the first time and gathered more than 100 exhibitors and 3000 professional visitors from multiple sectors.

SISTRADE, as a leading supplier of MIS|ERP software for packaging industry in Portugal participated in EMPACK 2015 in order to strengthen the relationship with customers and partners and to encourage new business opportunities. SISTRADE has been providing its solutions for printing and packaging industry in Portugal and abroad since 2000 and is a reference company in terms of innovations and quality.

SISTRADE as Premium Partner participated in the 20th APIGRAF meeting - www.apigraf.pt
