During this fair SISTRADe presented the software solutions for Packaging Industry.

DEBATE ON INDUSTRY 4.0 AT THE XX CONGRESS OF ANFEC

For Paulo Souto, from SISTRADe, the Industry 4.0 represents a change in the business model, but above all "change the internal way of working, companies must be decentralized and technology is very important in this process".

Oporto 2018

XX CONGRESSO ANFEC

Del 10 al 13 de mayo

“HERE AND NOW” THANKS TO SISTRADE

*Bartosz Mazurkiewicz –
Vice-president of Opolgraf*

Opolgraf is one of the leading book printing houses in Poland. Its innovation and quality of services are confirmed by numerous awards and certifications, such as Diamond Forbes Award, Gazele Biznesu or ISO quality certificate...

Nearly three years ago, you have decided to purchase an integrated MIS|ERP system from SISTRADE. Have you already obtained the return on investment?

Yes, absolutely. The return on investment took place in a very short time, already at the stage of system implementation.

“

*Every element of
the company's
life is carefully
taken under the
microscope*

The first step during the implementation is the parameterization of the estimating module, which consists in defining all operations, raw materials, processes in our printing house. We simply transfer the realities of the printing house into IT dimension. In my opinion, the most important feature of the software is the ability to make online estimates. Nothing makes such an impression on our clients as the possibility of making the initial estimate at the stand during the book fair...

SUCCESSFUL IMPLEMENTATION AT EDELMAN INDIA

by Sistrade

Since 2013 Edelman India belongs to the Edelman Group. The company has received the ISO 12627-2 certification as one of the first Indian companies and is also certified with DIN ISO 9001.

The 9.000 sq metres production plant is equipped with 6-colour machines, UV-drying and cutting machines which allow Edelman India to meet the demands to reach the worldwide Edelman “High Q Packing” quality standard. Edelman India provides high finished folding cartons for the beauty care, health care and consumer brands markets. Printed packaging made of corrugated board completes the range of products.

In order to provide high quality standards to its customers, Edelman India decided to implement Sistrade® MIS|ERP solution to manage the company. The implementation covers estimating, production, purchases, stocks, scheduling and even financial department including accounting.
